PART VI

Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly, and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill* was introduced in the Legislative Assembly on the 17th April, 1936 :—

L. A. BILL NO. 16 OF 1936.

A Bill to make provision for the restoration of the Buddha Gaya Temple and its premises to Buddhists and for the better management of the same.

WHEREAS it is expedient to make provision for the restoration of the Buddha Gaya Temple to the Buddhists and for the better management of the same ; It is hereby enacted as follows :—

Short title, extent and commencement.

1. (*1*) This Act may be called the Buddha Gaya Temple Act, 193 .

(*2*) It shall extend to the whole of British India.

(*3*) It shall come into force immediately.

Definitions.

2. In this Act, unless there is anything repugnant in the subject or context,—

(*a*) " The Temple " means the Great Temple built by the side of the Maha Bodhi Tree near Buddha Gaya village in the Gaya District.

(*b*) " The Temple Land " means the land on which the Maha Bodhi Temple and its precincts stand.

(*c*) " The Mahanth " means the presiding priest for the time being of the Saivite Monastery at Buddha Gaya.

*The Governor General has been pleased to accord the sanction required by section 67 (2) of the Government of India Act.

(*d*) "Committee" means the managing committee constituted under the provisions of this Act.

(*e*) "Court" means the Court of the District Judge of Gaya.

Management and control.

3. The Government of India shall immediately, on the passing of this Act, establish a Committee as hereinafter provided and entrust it with the management and control of the Temple Land, the Temple and the worship in it.

Constitution of Committee.

4. (*1*) The Committee shall consist of the Mahanth and nine representatives of the Buddhists of India, Burma and Ceylon to be nominated by the Governor General of India in consultation with the Governments of Burma and Ceylon.

(*2*) Any vacancy that occurs in the Committee shall be reported by the Committee to His Excellency the Governor General within three months from the date of its occurrence.

Rights of Hindus.

5. Notwithstanding anything contained in this Act or in the rules framed thereunder, Hindus of every sect shall have access to the Temple to worship the image of Lord Buddha and to the Temple Land to offer Pinda under the Bodhi Tree to the north of the Temple, provided that nothing in this section shall enable any person to slaughter goat or any other animal on the Temple Land for any purpose religious or otherwise.

Exemption of Property.

6. Notwithstanding anything contained in this Act or in the rules framed thereunder, the Committee shall have no jurisdiction over the Zamindari or any other property attached to the Saivite Monastery at Buddha Gaya.

Statement of Accounts.

7. Within three months after the first day of January in every year the Committee shall prepare and furnish to the Court a full and true statement of accounts of all moneys received or expended by them on behalf of the Temple during the previous year :

Provided that the Court may, if it is satisfied that there is sufficient cause for so doing, extend the time allowed for the furnishing of any statement of accounts under this section.

Power to make rules.

8. (*1*) The Committee may, from time to time, make rules to carry into effect the purposes of this Act.

(*2*) In particular and without prejudice to the generality of the foregoing power such rules may provide for all or any of the following matters, namely :—

(*a*) the upkeep and repair of the Temple ;

(*b*) the improvement of the Temple Land ;

(*c*) the welfare and safety of the pilgrims ;

(*d*) the safe custody of statements of accounts and other documents relating to the Temple or the Temple Land ; and

(*e*) the maintenance of cordial relations between the Buddhist and the Hindu pilgrims.

Saving.

9. Nothing in this Act shall affect any other enactment for the time being in force in British India providing for the preservation of ancient monuments.

STATEMENT OF OBJECTS AND REASONS.

The Maha Bodhi Temple at Buddha Gaya is the most sacred shrine of the Buddhist world as it stands on the spot where Lord Buddha attained Supreme Wisdom. It is to the Buddhist what Mecca is to the Muslim, Ajodhya to the Hindu and Jerusalem to the Christian. It is in the hands of a non-Buddhist, the Saivite Mahanth for Buddha Gaya. For many years past the Buddhists have been greatly dissatisfied with his management of the Temple and the Temple Land. They have expressed their strong desire to have them restored to their control. The desire is but natural ; and this Bill is intended to make provision for the better management of the Maha Bodhi Temple and the Temple Land and for their restoration to the Buddhists of India, Burma and Ceylon without prejudice to the right of Hindus to worship the image of Buddha in the Temple and to offer Pinda at the Bodhi Tree to the north of the Temple.

RESOLUTION—No. 2128P. H.

The Report of the Director of Public Health, Bengal, for the year 1934.

Vital Statistics.—The number of births recorded during the year 1934 was , 1, 464, 520 against 1,473, 944 in 1933, and the number of deaths 1,176,887 against 1,197,885. Thes births therefore exceeded the deaths by 287,633 as against an excess of 276, 059 in 1933. It was only in Calcutta and the districts of Birbhum and Bogra that there was an excess of deaths over births, viz., 7·2, 0·8 and 2·4 per mille, respectively; Jessore which had shown a similar result since 1927, succeeded in checking its course of deterioration and actually reported an excess of births over deaths in 1934.

The proportion of male and female births was nearly the same as in the preceding year, *i.e.*, 107 males to every 100 females.

The rate of natural increase was again the lowest (5·7 per mille) in this province, the highest rate being 12·31 per mille in the Punjab.

Although the rate of infant mortality per 1,000 births came down from 200·1 in 1933 to 189·2 in 1934, the total number of deaths among infants under the age of 1 in the latter year was 277,194, which represented 23·5 per cent. of the total number of deaths in the province. There is thus ample scope for improvement in the maternity and child welfare work in the province.

2. *Cholera.*—50,742 deaths occurred from cholera in 1934 against 29,242 in 1933 ; this represented an increase of 66·7 per cent. over the mortality rate of the previous year, but a decrease of 9·1 per cent. on the average of the previous quinquennium. Two other provinces only (Central Provinces and Bihar and Orissa) recorded a higher mortality rate. Against the provincial rate of mortality of 1·0 per mille, Faridpur district returned the highest rate, viz., 2·3 per mille followed by Bakarganj (2·2) and Murshidabad (2·1). All the districts showed higher mortality than in 1933 except Dacca and Tippera where the fall was however only slight. Darjeeling was free from cholera as in 1933. Of the total deaths from cholera, 3,196 occurred in the towns and 47, 546 in the rural areas.

2,442,620 cubic centimetres of anti-cholera vaccine were issued during the year against 1,232,530 in 1933. The number of inoculations performed was 2,106,269 against 1,036,643 in 1933.

Preventive measures were adopted, as usual, including disinfection of sources of water supply, inoculation, and education propaganda work. Whenever possible, assistance was rendered to local authorities in anti-cholera work.

3. *Small-pox.*—Small-pox took a toll of 8,296 lives in 1934 against 15,426 in 1933, thus showing a reduction in the death rate from ·3 to ·2 per mille. The death rate was the highest in April and the lowest in September to November. Calcutta alone was responsible for 1,074 deaths but there was a substantial decrease in other towns which registered only 424 deaths ; the incidence in Calcutta (·9 per mille) was, however, lower than that of the last year and also of the last decade.

The percentage of mortality among young children, especially children between the ages of one and ten, continued to be very high. 377 infants under one year and 966 children between one and ten years died of small-pox as against 808 and 915 respectively in 1933.

Small-pox accounted for ·7 per cent. of the total provincial mortality against 1·3 per cent. in 1933. Five other provinces recorded a higher percentage of mortality.

The number of persons vaccinated increased from 6,637,097 to 6,791,962. The average cost of each successful case of vaccination was the same as in the previous two years, viz., 1 anna 9 pies, while the cost of manufacture of a grain of lymph rose from 1·4 pies to 2 pies.

4. *Malaria and kala-azar.*—Fevers accounted for 64·9 per cent. of the total provincial mortality as against 67·8 per cent. in the previous year; of this malaria and kala-azar were responsible for 32·9 and 1·2 per cent. respectively. The number of deaths from fevers fell from 812,393 in 1933 to 764,492 in 1934, the death rate being 15·3 per mille of population against 16·3 in 1933 and 14·6 during the last quinquennium.

Out of the above number, malaria claimed 387,191 and kala-azar 14,763 as against 413,922 and 13,447 respectively in the preceding year.

The intensity of fever mortality was highest in Birbhum (26 per mille) and lowest in Calcutta (3·5).

The death rate from malaria was heaviest in Rajshahi with 17·8 per mille, Nadia (16·2), Murshidabad (15·5), Birbhum (15·4), Malda (15), Jessore (14), Dinajpur (13·3), Pabna (13·1), Rangpur (13·1), and Bogra (11·7). Compared with the previous year, six districts recorded slightly increased death rates, and in twenty districts the death rate declined, the decrease being most noticeable in Nadia (from 20·2 to 16·2) and Jessore (from 18·5 to 14·0).

The incidence of malaria was highest in Birbhum although Rajshahi showed the highest mortality.

The death rate from kala-azar showed a slight increase from ·27 to ·29 per mille. The number of new kala-azar cases admitted for treatment however fell from 129,539 to 121,142, the decrease being most marked in the 24-Parganas, Jessore, Rajshahi and Khulna; on the other hand, Burdwan, Dacca, Chittagong, Darjeeling and Bogra showed a noticeable increase in the number of such cases.

The incidence of kala-azar was highest (over 2 per cent. of population) in the districts of Malda, Dinajpur, Rajshahi, Murshidabad and Jessore.

The experiment in the intensive treatment of the population with quinine and plasmochin which was initiated in 1933 in the Memari thana of the Burdwan district was continued during the year under review. The experiment yielded satisfactory results, but as the year was one of unusual drought, it was decided to continue the experiment for another year.

The free distribution of quinine in the five selected thanas in Western Bengal was also continued during the year; there was, however, no appreciable reduction in the death rate from malaria in these areas.

The campaign against *anopheles ludlowii*, which continued to be a menace to Calcutta, was carried on in co-operation with the Calcutta Corporation, other local bodies and some of the jute mills interested in scheme on similar lines to those adopted in 1933; and although some new breeding places were discovered in and around the city, there was no outbreak of malaria in an epidemic form. Anti-mosquito measures were also undertaken successfully by the East Indian and Bengal Nagpur Railways in Lillooah and between Fuleswar and Uluberia.

5. *Other diseases.*—Of the total provincial mortality, ·8 per cent. was due to enteric fever. The number of deaths from the disease was 9,754 during the year against 11,026 in 1933. The death rate decreased by 15 per cent. in rural areas but increased by 2 per cent. in the urban areas, the rate in Calcutta remaining the same, viz., 0·80 per mille.

Dysentery accounted for 29,674 and diarrhœa for 24,273 deaths in 1934, as against 25,980 and 20,717 deaths respectively in 1933. These two diseases were responsible for 4·6 per cent. of the total provincial mortality. The highest death rate from dysentery (viz., 3·06 per mille) was recorded in the district of Darjeeling.

6. *Respiratory diseases.*—There were 85,113 deaths from respiratory diseases against 82,173 in 1933, the death rate increasing from 1·6 to 1·7 per mille. As in the previous year, the death rate was highest in Calcutta (with 8·8 per mille), Jalpaiguri (5·3), Howrah (3·9), Hooghly (3·8) and Darjeeling (3·7.) Of these deaths, 41,006 (or 48·18 per cent.) were from pneumonia against 37,337 (or 45·43 per cent.) in 1933. The death rate was highest in Jalpaiguri (4·01 per mille), Hooghly (2·52) and Calcutta (2·11). Compared

with the previous year 19 districts recorded a higher rate. The Director of Public Health points out that since 1923 there has been a steady increase in the provincial death rate from pneumonia which deserves notice.

Phthisis was responsible for 14,845 deaths as against 14,802 in 1933. As in the previous year Calcutta returned the highest death rate (2·30 per mille) followed by Darjeeling (1·48).

7. *Fairs and festivals.*—As in the previous year, the Public Health Department and the local authorities concerned made efficient medical and sanitary arrangements for the prevention of the outbreak of infectious diseases at the Ganga Sagar and the Nangalbandha melas, some private voluntary organizations contributing not a little towards the success of the arrangements. There were only four cases of cholera at Ganga Sagar, while four cases of cholera occurred in the four melas in the district of Dacca, including one case at Nangalbandha.

8. *Sanitary works including water-supply.*—Rupees 51,86,429 or 45·1 per cent. of the total receipts (including opening balance) of municipalities was spent on sanitary works during the financial year 1933-34, a fall of 1 per cent. from the previous year's expenditure. The average expenditure per head of municipal population was Rs. 2—3—9 4/5. Rupees 28,98,965 was spent on conservancy, Rs. 10,90,601 on water-supply and Rs. 3,50,788 on drainage.

The expenditure of district boards on water-supply, drainage and sanitation remained almost steady : 2·9 per cent. of their income was spent on water-supply, ·1 per cent on drainage and 9·9 per cent. on sanitation (including vaccination) against 3·1 and 9·7 per cent. in the previous year.

Of the total expenditure of Rs. 90,12,874 the union boards spent Rs. 5,87,857 on water-supply, Rs. 68,186 on drainage and Rs. 67,196 on conservancy.

9. *School hygiene.*—Medical officers visited 161 schools and inspected 17,283 boys and 319 girls, the corresponding figures in the previous year being 183 schools, 21,140 boys and 550 girls. 42·5 per cent. of the pupils were found to be well-nourished and 19 per cent. ill-nourished. These figures show a slight improvement on the returns of the previous year.

There was a marked increase in the number of inspections made by rural sanitary inspectors, who visited 4,865 schools, and inspected 147,599 pupils during the year, the corresponding figures for the previous year being 4,468 schools and 109,693 pupils.

10. *Educational propaganda.*—Propaganda work on public health was intensified by an increased number of lectures, demonstrations and cinema shows organised by the twelve parties engaged for the purpose. 1,444 lectures and demonstrations were given during the year and they attracted over 18 lakhs of people. An exhibition van, which was specially constructed by Government, toured over four districts in the Burdwan Division and held 59 exhibitions. An experimental propaganda through radio constituted a novelty of the year and proved a success.

11. The work of medical inspection of school children in Calcutta having been taken over by the Education Department, the post of Assistant Director of Public Health for School Hygiene was abolished as a measure of retrenchment.

The combined charge of Dacca and Rajshahi circles under one Assistant Director of Public Health having proved unwieldy, the post of Assistant Director of Public Health for Rajshahi was revived and the retrenched officer was appointed to it.

12. *Personal.*—The Minister desires to record his appreciation of the active and loyal services rendered by Dr. Khambata, Director of Public Health, and his subordinates during the year under review.

Darjeeling.—No. 7890E.A.—22nd May 1936.—The following draft of rules, which in exercise of the power conferred by clauses (*a*) and (*b*) of section 215 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), as modified in its application to the district of Darjeeling, the Governor in Council proposes to make with respect to municipalities in the district of Darjeeling, is published for the information of persons likely to be affected thereby.

2. The draft rules will be taken into consideration on or after the 15th July 1936, and any objection or suggestion with regard thereto which may be received by the undersigned through the Deputy Commissioner of Darjeeling before that date will be duly considered:—

Draft rules prescribing the procedure to be followed by an assessor of municipal taxes appointed under the Act and by the Assessment Review Committee appointed under sub-section (1) of section 149 of the Bengal Municipal Act, 1932.

1. The Assessor shall commence work in sufficient time as may be fixed by the Commissioners at a meeting according to the local conditions, so as to finish his work at least three months before the date on which the new assessment is to take effect.

2. The office of the Assessor shall be situated in the municipal office or in any other suitable place provided by the Chairman for the purpose.

3. It shall be the duty of the Chairman to produce all relevant and required documents and papers in his power and otherwise render every assistance to the Assessor and the Assessment Review Committee appointed under sub-section (*1*) of section 149 of the Act in the discharge of their duties.

4. The assessor shall obtain from the Chairman copies of the current assessment registers and all information as to new holdings, and may issue notices under section 134 of the Act in Form A attached hereto to owners or occupiers of all holdings whose names appear in the said registers and to all owners or occupiers of new holdings, requiring them to submit to him, within one week of service of the notice, true and correct returns of the rent or annual value thereof and true and correct description of the holdings in Form B annexed hereto. These forms shall be printed by the Commissioners and copy shall be attached to every notice under section 134.

5. The notice referred to in rule 4 shall be signed by, or shall bear a facsimilie of the signature of, the Assessor.

6. The Assessor shall verify each return referred to in rule 4 in chronological order.

7. The notice of intention of the Assessor or any person authorized by him in writing, to enter, inspect and measure any holding shall be in Form C annexed hereto and shall be served by a special messenger in the manner laid down in section 510 of the Act.

8. (*a*) For the purpose of ascertaining the gross annual rental at which a holding may reasonably be expected to let comparison may be

made with the rents of similar holdings in the vicinity. Regard may also be had to the rent which might reasonably be expected in an average year or taking one year with another, and not in any particular year. The rental of the holding in the past or in the future is immaterial, and a hypothetical tenant shall be assumed to use the property in the same way as the actual occupier, and to have the same facility for deriving profit from it, no more or no less.

(*b*) If such gross annual rental cannot, in the opinion of the Assessor, be easily estimated or ascertained, he shall determine the value of the building or buildings on the holding at the time of such assessment, regard being had to the age and existing condition of the building, its description and the dimensions of the rooms, the materials used, the area covered, accommodation, environment, road facility, commercial importance, sanitary condition, water supply facility, distance from schools and markets, present market value, and all other amenities and other conveniences. Ground rent for the land comprised in the holding shall be ascertained from the local sub-registry office or otherwise.

9. When the annual value of a holding has been determined by the Assessor, he shall fill up the last two columns of Form B and prepare an assessment list in the manner prescribed in section 136 and in accordance with the percentage rate fixed by the Commissioners at a meeting under section 135. When the assessment list is ready, the Assessor shall endorse on it a certificate over his signature as to the correctness of the entries therein, and shall then make it over to the Chairman who shall give the Assessor a dated receipt.

10. The assessment list prepared by the Assessor shall be submitted with a brief report to the Commissioners showing the basis on which he has prepared the list, *e.g.*, it should compare different areas and streets or even parts of a street and show why properties in them differ in value. Further, each actual assessment shall be accompanied by a note showing how he has arrived at it, comparing the property in question with other similar property and explaining why the assessment differs, if it does.

Procedure to be followed by the Assessment Review Committee appointed under section 149(1)

11. All applications for review of assessment or valuation or for exemption from assessment filed within the time prescribed in section 148 of the Act shall be entered in an objection list and that list with the assessment list to which objection is taken shall be placed before the Assessment Review Committee appointed by the Commissioners under sub-section (*1*) of section 149 of the Act.

12. The Committee shall then give at least seven days' notice under sub-section (*2*) of section 149 of the Act to the applicant in Form D annexed hereto of the time and place at which the application will be heard.

13. On the date so fixed for hearing, or any date to which such hearing may be adjourned, the Committee shall take such evidence and make such inquiry as it may deem necessary, in the presence of the

objector or his agent, if he appears, and shall then pass such orders on the application as it thinks fit. One member of the Committee shall attest and date any correction in the assessment list that may be necessary as a result of its decision, and the assessment list shall be final as soon as all the objections to it have been heard and determined.

14. For the purpose of determining the gross annual rental of a holding, the Committee shall generally follow the procedure laid down in rule 8.

2. The draft rules will be taken into consideration on or after the 15th July 1936, and any objection or suggestion with respect thereto which may be received by the undersigned through the Deputy Commissioner of Darjeeling before that date will be duly considered:—

Draft rules regarding the conditions and limitations under which a license may be granted for a trade, profession or calling.

1. (*1*) When the Commissioners have decided to levy a tax on trades, professions and callings under clause (*f*) of sub-section (*1*) of section 123 of the Act, they may, by written notice, require the occupier of any building or place of business to forward to them, within *fifteen* days, a list, signed by such occupier, of the names of all *persons* exercising or carrying on any of the professions, trades or callings, referred to in Schedule IV of the Act, and of the respective profession, trade or calling of each.

(*2*) When the Commissioners have reason to believe that any person is exercising or carrying on any such profession, trade or calling, they may, by written notice, require him to furnish them with any particulars specified in such notice.

Penalty for failure to comply, Rs. 50.

Note.—"Person" in these rules includes a limited or joint stock company, or an association or a body of individuals.

2. Every person who exercises or carries on in a municipality, either by himself or by an agent or representative, any of the professions, trades or callings indicated in Schedule IV, shall take out a half-yearly license and pay for the same such tax as may be imposed by the Commissioners, subject to the maximum prescribed in the Schedule:

Provided that the grant of such a license shall not be deemed to affect the liability of the licensee to take out a license under any other provision of the Bengal Muncipal Act, 1932.

3. When a place of business occupies only a portion of any premises and has not been separately valued under chapter V, the valution thereof for the purposes of these rules shall be the rate per mensem at which such place of business might, in the opinion of the Commissioners, reasonably be expected to let.

4. If the Commissioners are satisfied, after due enquiry, that a person who has taken out a license under Schedule IV of the Act, has not actually exercised the profession, trade or calling for three or more

consecutive months within the period for which the license was granted, they may refund not more than 1/6th of the half-yearly fee for each calendar month during which such profession, trade or calling was not exercised: provided that such refund shall not be made unless the person concerned makes an application within one month after the expiry of the period of the license.

5. When the Commissioners are satisfied that any person is unable to pay the fee prescribed for license, they may exempt him from the liability to take out such license or declare that he shall be entitled to take out a license on payment of a lower rate of fee.

6. Every such license shall specify—

(*a*) the name of the person to whom it is granted;

(*b*) the profession, trade or calling in respect of which it is granted;

(*c*) the place of business where the said profession, trade or calling is exercised or carried on;

(*d*) the date and the period of the grant thereof;

(*e*) the fee, if any, paid for the license or the written permission; and

(*f*) the restrictions and conditions (if any) subject to which it is granted.

7. (*1*) When any person carries on within a municipality two or more professions, trades or callings which are separate or independent of one another, he shall take out a license for each class under which such professions, trades or callings are mentioned in Schedule IV.

(*2*) If any person carries on any profession, trade or calling which, in the opinion of the Commissioners, is auxiliary to another profession, trade or calling carried on by him, such person shall be required to take out only one license on payment of the highest fee payable for taking out a license for any of the two or more professions, trades or callings with which he is concerned.

8. If any person carries on a profession, trade or calling in two or more municipalities, he shall take out a license in respect of such profession, trade or calling in each of such municipalities.

9. When two or more persons carry on business jointly, they may take out a single license as a firm:

Provided that, if any of the parties of such firm exercises or carries on any separate profession, trade or calling on his own account or jointly with other partners, a separate license shall be taken out in respect of every such profession, trade or calling.

10. Any person who has taken out a license for the next preceding year, shall, subject to the other provisions of these rules, be presumed, unless he proves to the contrary, to be liable and entitled to take out a license for the current year.

2. The draft rules will be taken into consideration on or after the 15th July 1936, and any objection or suggestion with regard thereto which may be received by the undersigned through the Deputy Commissioner of Darjeeling before that date will be duly considered:—

Draft rules for the preparation, publication and execution of projects for water-supply, sewerage or drainage by municipal authorities.

1. *Definition.*—In these rules—

(*2*) Such sketch may be drawn up—

(*a*) by the Chief Engineer, at the request of the municipal authority; or

(*b*) by any private firm approved by the Chief Engineer; or

(*c*) with the permission of the Chief Engineer, by the District Engineer, for whose services an application should be made to the District Board; or

(*d*) by one of the officers of the municipal authority or by an officer specially appointed by such authority for the purpose, subject in either case to the selection of such officer being approved by the Chief Engineer.

(*3*) In cases (*b*) to (*d*) referred to in sub-rule (*2*), the sketch of the project, while in course of preparation, shall be subject to examination and amendment by the Chief Engineer.

(*4*) The Chief Engineer shall, in all cases, act as adviser of the municipal authority.

3. *Submission of sketch, statement and application.*—(*1*) When the estimated cost of any scheme, or of any larger scheme of which it forms a part, is Rs. 10,000 or more, or when the financial assistance of the Local Government is desired, the municipal authority shall submit the sketch of the project prepared under rule 2 to the Sanitary Board through the Commissioner of the Division, together with a statement wherein shall be shown the amount of the funds available to meet the capital and recurring cost of the project from current revenue or by way of loan or from any other source.

(*2*) The Sanitary Board, after considering the project, shall forward it to the Revenue Department of Government for decision as to administrative approval with such recommendations as they may think fit, and, if the project relates to local areas under the control of two or more local authorities, with proposals for the distribution of the cost.

4. *Conditions precedent to obtaining administrative approval of the Local Government to a project.*—In order to obtain the administrative approval of the Local Government to any such project, the municipal authority shall satisfy the Local Government—

(3) In case (*b*) referred to in sub-rule (*1*), the plans and estimates, while in course of preparation, shall be subject to examination and amendment by the Chief Engineer.

(*4*) When land has to be acquired, the officer preparing the scheme shall send necessary particulars of such land to the Deputy Commissioner of the district and shall obtain from him an estimate of the cost of its acquisition. This estimate shall be submitted with the main scheme as a separate estimate.

6. *Submission of detailed plans and estimates for approval.*—(1) The detailed plans and estimates shall, on completion, be forwarded by the municipal authority in duplicate to the Sanitary Board through the Commissioner of the Division, together with the particulars required by rule 8 and a report on the state of public feeling in regard to the scheme and, if a loan is required, with an application in the prescribed form.

(*5*) The Sanitary Board shall submit the scheme as finally drawn up to the Revenue Department of Government for approval, with an expression of their opinion (*a*) on its merits and (*b*), if a loan is required, on the terms of such loan.

7. *Submission of proposals for rules regulating house-connections.*—If the scheme includes projects with the intention of allowing house-connections, the municipal authority shall, within three months of submitting the detailed plans and estimates under rule 6, submit proposals for rules under section 311 of the Act regulating house-connections, with explanations of any variation proposed from the model house-connection rules.

8. *Publication of the scheme after its approval by the Local Government.*—(*1*) When the scheme has been approved by the Local Government, it shall be published in the *Calcutta Gazette*, and locally in accordance with the provisions of section 507 of the Act, with the following particulars, namely:—

(*a*) a general description of the scheme;

(*b*) an estimate of the cost of carrying it out;

(*c*) an estimate of the cost of maintaining it;

(*d*) the source from which the cost will be met;

(*e*) the amount of the loan, if any, required for the scheme, the annual instalments by which such loan will be repayable, and the number of years required to repay it; and

(*f*) when several local authorities are concerned, the distribution of the loan between those authorities.

(2) Where the scheme is for providing or improving the water-supply, the following additional particulars in respect of each municipality concerned shall be also published in the manner described in sub-rule (1), namely:—

(a) the total annual charge to be incurred by reason of the water-supply and to be met by a water-rate;

(b) the percentage of such water-rate on the annual value of holdings;

(c) the average incidence of such water-rate per head of the population.

9. *Final sanction of schemes after considering objections, if any.*—After the expiry of six weeks from the date of the publication under rule 8, and after considering any objections or suggestions that may be received, the Local Government may either sanction or reject the scheme as published, or may refer it, with such proposals for amendment as it may think fit, to the Sanitary Board, who, after considering the scheme and proposals, shall return the scheme to the Local Government together with the opinion of the Board on the proposals; and the scheme and opinion so returned shall be published and disposed of by the Local Government in the manner provided in rule 8 and in this rule.

10. *Commencement of work.*—No work shall be commenced on the project, nor shall any agreement be entered into in respect thereof, until the detailed plans and estimates have received the final sanction of the Local Government under rule 9.

11 *Sanction to heavy excesses over detailed estimates.*—If at any time during the progress of the work the municipal authority has reason to anticipate that the sanctioned detailed estimate will be exceeded by more than 10 per cent., or if it shall at any time appear to the municipal authority that the sanctioned detailed scheme will require material alteration, the municipal authority shall forthwith submit to the Local Government for sanction a revised scheme with revised estimates and plans.

The revised estimates and plans shall be prepared—

(a) in the case of schemes prepared and carried out by the Municipal Engineer under rules 5 (1) (b) (iii) and 13 (2) (a), by that officer and shall be scrutinized by the Chief Engineer;

(b) in the case of schemes prepared and carried out by a firm of engineers of established reputation, or by an engineer specially appointed for the purpose under rule 5 (1) (b) (i) or 5 (1) (b) (iii) and rule 13 (2) (a), by the firm of engineers or the engineer so appointed, and shall be scrutinized by the Chief Engineer;

amounting to Rs. 50,000 or more, or to half the total cost of the scheme, or more. The municipal authority shall undertake to pay the fees specified in rule 33 before work on the scheme is begun.

(2) In other cases the municipal authority may request the Chief Engineer to take over supervision and control of the work, and on the municipal authority undertaking to pay the fees specified in rule 33, the Chief Engineer shall, if he considers that he can do so without detriment to the public service, take over such supervision and control.

(3) Works, of which the complete supervision and control are taken over by the Chief Engineer under sub-rule (1) or sub-rule (2), shall be considered as contribution works and shall be carried out by the Engineering Branch of the Public Health Department under the rules regarding such works in paragraphs 210 to 214 of the Bengal Public Works Department Code (1st edition), except that the provision made in the Code for establishment, etc., will be covered by the fees specified in rule 33 hereof, or shall be met by the municipal authority by payment of such fees as the Local Government may from time to time prescribe.

(4) In addition to the above fees the municipal authority shall bear all law charges on behalf of the Local Government in any suits brought by contractors or others in connection with the execution of any project under this rule:

Provided that no charge shall be payable by the municipal authority under sub-rule (4), if, in the opinion of Local Government, the suit is due to the malfeasance or negligence of the Chief Engineer or an officer subordinate to him.

(5) The municipal authority shall be given an opportunity of seeing the terms of any contract for the execution of such work before it is executed. The Chief Engineer shall consider any remarks made by the municipal authority as to the terms of the contract and if he is unable to accept the remarks shall submit the matter to the Local Government for decision.

13. *Conditions as to detailed engineering supervision.*—(1) Where the projected work is estimated to cost Rs. 10,000 or more, adequate provision for detailed engineering supervision shall be a condition precedent to the grant of final sanction by the Local Government under rule 9.

(c) the work shall be carried out under the complete supervision and control of the Chief Engineer in the manner provided in rule 12.

(3) In cases (*a*) and (*b*) referred to in sub-rule (2), the work while in progress shall be subject to inspection and control by the Chief Engineer.

14. *Report by municipal authority to the Chief Engineer in case of small work.*—Where the work is estimated to cost less than Rs. 10,000 and where a grant or loan has been taken from the Local Government, the municipal authority shall report to the Chief Engineer, the agency by which it is proposed to have such works carried out, and shall follow the instructions issued by the Chief Engineer in the matter.

Note (*i*).—The terms of a contract shall be precise and definite and there shall be no ambiguity or room for misconstruction therein.

Note (*ii*).—When necessary, legal and financial advice shall be taken in regard to the nature and form of a contract before it is finally accepted.

Note (*iii*).—The standard form of a contract shall be adopted wherever possible, and its terms shall be adequately scrutinized before it is finally accepted.

Note (*iv*).—Provision shall be made in contracts for safeguarding properties belonging to Government or local bodies when such properties are entrusted to a contractor.

19. *Approval of plans, drawings specifications, forms of tender, etc., by the municipal authority.*—All plans, drawings, specifications, bills of quantities, forms of tender and advertisements shall be formally

20. *Submission and receipt of tenders.*—All tenders shall be submitted in sealed covers addressed to the Chairman or the Vice-Chairman of the municipal authority, who shall attend in person at the office of such authority, or at any other place to which it has been directed that tenders shall be forwarded, at the latest hour specified in the advertisement for the receipt thereof. Any tender received after such hour shall not be considered.

21. *Opening and numbering of tenders.*—The Chairman or the Vice-Chairman of the municipal authority shall himself open the tenders, shall number each tender, and shall note thereon the exact time at which it was opened.

25. *Acceptance of tender.*—No tender shall be accepted which is not in order, is not fully priced out, and is not in every way in accordance with the instructions contained in the advertisement inviting such tenders. If the person making a tender makes in it after its submission any reduction or any alteration other than the correction of a palpable arithmetical error, that tender shall be out of order and shall not be considered. In cases where the lowest tender is not accepted the reasons for such non-acceptance shall be recorded, and in accepting a tender the financial status of the contractor shall be taken into consideration in addition to all other relevant matters.

Even in cases where a formal written contract is not made, no orders for supplies shall be placed without a written agreement as to the price of the articles supplied. No contract involving an uncertain and indefinite liability, or containing any condition of an unusual nature, shall be accepted without the previous approval of the municipal authority at a meeting. The terms of the contract, once accepted, shall not be materially varied without the previous consent of such authority.

Note 4.—Under rule 5 fees are to be paid for the preparation of alternative plans and estimates for which application is made by the municipal authority: but revision by the Chief Engineer on his own initiative of plans and estimates previously prepared by him with a view to effect economy or improvements does not amount to the preparation of an alternative scheme for the purpose of this rule.

32. *No charge for services of the Chief Engineer, or his assistants for preparation of sketch of project.*—When the preparation of the sketch of a project is undertaken or supervised by the Chief Engineer under rule 2, no charge shall be made for his services or for those of his assistants, or for the services of Government surveyors, draftsmen and tracers engaged in such work, and drawing materials and instruments required for such work shall be provided at Government expense:

General.

14. (1) For the avoidance of doubt, it is hereby declared that a primary election held for the purpose of electing candidates for a seat reserved for members of the Scheduled Castes may be proceeded with notwithstanding that less than four candidates stand at that primary election, and that the remainder of the election may be proceeded with notwithstanding that, by reason of a deficiency of candidates at the primary election or by reason of the withdrawal or death of candidates elected thereat, there are or remain less than four duly elected Scheduled Caste candidates for the seat.

(2) At a poll at any such primary election no voter shall have more than one vote.

(3) Save as expressly provided in this Order with respect to Bengal a member of the Scheduled Castes shall not be disqualified to hold a seat not reserved for members of the Scheduled Castes by reason that he has not been elected at a primary election as a candidate for a seat so reserved.

15. Subject to any express provisions of this Order to the contrary, where at an election a poll is taken for the purpose of filling more than one seat, a voter shall have as many votes as there are seats to be filled

on the poll and may give all those votes to one candidate, or may distribute them between such candidates and in such manner as he thinks fit.

16. (1) The provisions of this paragraph shall apply in relation to any election in a constituency where the seats to be filled include a seat or seats reserved for members of the Scheduled Castes, or a seat reserved for a Maratha, a representative of backward tribes or areas, or, in the case of the Bengal Anglo-Indian constituency, a woman.

(2) If the number of candidates qualified to be chosen to fill a seat or seats so reserved is equal to the number of seats so reserved all those candidates shall be declared to be elected to fill the reserved seat or reserved seats and a poll shall only be taken if necessary for filling any seat or seats not filled under this sub-paragraph.

(3) If the number of candidates qualified to be chosen to fill a seat or seats so reserved is greater than the number of seats so reserved, then, when the counting of the votes has been completed, the Returning Officer shall first declare that one, or those, of the qualified candidates to whom the largest number of votes has been given to be elected to fill the reserved seat or the reserved seats.

(4) If the number of candidates qualified to be chosen to fill a seat or seats so reserved is less than the number of seats so reserved, all those candidates, if any, shall be declared to be elected to fill seats so reserved, and the Governor, exercising his individual judgment, shall by notification in Gazette call upon the constituency to elect a person or persons, as the case may be, within such time as may be specified in the notification :

17. If, when a poll has been taken at an election, an equality of votes is found to exist between any candidates, and the addition of one vote will entitle any of the candidates to be declared elected, one additional vote shall be given by the Returning Officer to the candidate, or, as the case may be, the candidates, selected by lot drawn in the presence of the Returning Officer in such manner as he may determine.

18. (1) The fact that a person or body has, in relation to any constituency, more than one qualification to be included, or to nominate persons to be included, in the electoral roll therefor, shall not increase his or its rights as respects inclusion, or as the case may be, the nomination of persons for inclusion, in that roll.

(2) No person shall be entitled to be included twice in the electoral roll for any particular constituency, and the fact that a person is included twice in the electoral roll for a constituency shall not increase his rights as respects voting therein.

19. If a person is elected to more than one seat in the Legislative Assembly of a Province then, unless within the prescribed time he resigns all but one of the seats, all the seats shall become vacant.

20. (1) The dates on which nominations are to be made and scrutinised, polls held and other acts done in connection with elections to a Provincial Legislative Assembly shall be fixed by the Governor in his discretion.

(2) Nothing in this paragraph shall be construed as preventing Acts of the Provincial Legislature or rules from making general provision with respect to the intervals which are to elapse between the successive stages of an election.

21. (1) In all constituencies the electoral roll shall be prepared by such authority as the Governor exercising his individual judgment shall appoint:

Provided that in the preparation of such rolls the authority so appointed may, subject to any prescribed restrictions, employ such persons as he thinks fit.

(2) In all constituencies and at all elections the Returning Officer shall be a person in the service of the Crown in India.

22. (1) If the boundaries of any district or other administrative area mentioned in this Order or in the Sixth Schedule to the Act are altered, any reference in this Order or in the said Schedule to that district or area shall, as from such date or dates as may be fixed by the Governor, exercising his individual judgment, either for all purposes or for any particular purposes of this Order or of the said Schedule, be taken as a reference to the district or area as altered.

(2) Sub-paragraph (7) of paragraph thirteen of Part I of the Sixth Schedule to the Act (which relates to alterations in the boundaries of districts) shall cease to have effect.

23. The provisions of the Fifth and Sixth Schedules to the Act shall have effect subject to the minor amendments specified in the First Schedule to this Order.

24. The Governor of the Province may at any time by order vary the name of any territorial constituency if he deems it expedient so to do.

25. Notwithstanding anything in the Indian Income Tax Act, 1922, it shall be the duty of the appropriate income tax officers to give to any person charged by law with the duty of enquiring into the qualifications of electors such information as is necessary for the purpose of enabling him to discharge that duty.

26. Anything which under the provisions of the Act, or of this Order, is required or authorised to be done by, to or before the Governor of a Province in connection with the preparation of electoral rolls or the holding of elections, or otherwise for the purpose of constituting the Legislative Assembly of the Province in due time (whether or not the Governor is to act in his discretion or to exercise his individual judgment) shall, before the commencement of Part III of the Act, be done by, to or before the Governor in Council or, in the case of Sind or Orissa, the Governor.

The Government of India (Provincial Legislative Councils) Order, 1936.

At the Court at Buckingham Palace, the 30th day of April 1936.

Present:

THE KING'S MOST EXCELLENT MAJESTY IN COUNCIL.

WHEREAS by section two hundred and ninety-one of, and the Fifth Schedule to, the Government of India Act, 1935 (hereafter in this Order referred to as "the Act") His Majesty in Council is empowered to make provision with respect to certain matters connected with Provincial Legislative Councils:

AND WHEREAS a draft of this Order has been laid before Parliament in accordance with the provisions of sub-section (1) of section three hundred and nine of the Act and an address has been presented to His Majesty by both Houses of Parliament praying that an Order may be made in the terms of this Order:

NOW, THEREFORE, His Majesty, in the exercise of the powers conferred on him as aforesaid and of all other powers enabling him in that behalf, is pleased by and with the advice of his Privy Council to order, and it is hereby ordered as follows:—

Part I.—Introductory and General.

Introductory.

1. This Order may be cited as "The Government of India (Provincial Legislative Councils) Order, 1936."

2.—(1) In this Order, except where the context otherwise requires—

"Executive Council" means the Executive Council of the Governor-General or a Governor;

"Legislature" includes any Legislature or Legislative Council under the Government of India Act, or any Act repealed by that Act;

"Minister" means a Minister under the Act or the Government of India Act;

"prescribed," except in the phrase "the prescribed date," means prescribed by an Act of the Provincial Legislature or by rules;

"rules" means rules made by the Governor under paragraph twenty of the Fifth Schedule to the Act;

"total income" means total income as computed for the purposes of the Indian Income Tax Act, 1922;

and, subject as aforesaid and to any other provisions of this Order, expressions to which a meaning is assigned by the Sixth Schedule to the Act, either generally or in relation to any particular Province, have except where the context otherwise requires, the same meanings for the purposes of this Order, either generally or in relation to that Province, as the case may be.

(2) The fact that one of two constituencies is an urban and the other a rural constituency shall not prevent them being deemed to be constituencies of same communal description, if they are both general constituencies or constituencies assigned to a specified community and expression "seat of the same communal description" shall be construed accordingly.

(3) For the purposes of any reference in this Order to persons assessed to income tax in any financial year and having in the year in respect of which the assessment was made a total income of not less than a specified amount, a person who is a partner in a firm which is assessed to income tax shall be deemed to be himself assessed in respect of his share of the firm's income on which income tax is so assessed, and the amount to be included in his total income in respect of that share shall be such sum as may be certified in the prescribed manner.

(4) Any reference in this Order to all or any of the provisions of any Indian Act shall be construed as a reference to those provisions as amended by or under any other Act, or, if those provisions are repealed and re-enacted with or without modification, to the provisions so re-enacted.

(5) If the boundaries of any district or other administrative area mentioned in this Order are altered, any reference in this Order to that district or area shall, as from such date or dates as may be fixed by the Governor, exercising his individual judgment, either for all purposes, or for particular purposes, of this Order, be taken as a reference to the district or area as altered.

(6) If any question arises with respect to any qualification dependent on the holding of a title, order or decoration, the question shall be referred to the Governor-General in his discretion and his decision shall be final.

(7) The Interpretation Act, 1889, applies for the interpretation of this Order as it applies for the interpretation of an Act of Parliament.

Delimitation of Territorial Constituencies.

3.—(1) The territorial constituencies for the election of persons to fill seats in the Provincial Legislative Councils shall be as specified in the tables in the Schedule to this Order.

(2) Any reference in this Part of this Order to a territorial constituency shall be construed as a reference to one of the territorial constituencies aforesaid, and any reference in any of the subsequent Parts of this Order to a territorial constituency shall be construed as a reference to one of the said constituencies for the Province to which the Part in question relates.

(3) In the case of Madras and Bombay the number of seats to be filled by elections in the various territorial constituencies shall be as specified in the third column of Parts I and II of the Schedule to this Order.

In the case of Bengal, the United Provinces, Bihar and Assam one seat shall be filled by an election in each constituency, except that in Bengal three seats shall be so filled in the European constituency.

4. There shall be an electoral roll for every territorial constituency, and no person who is not, and except as expressly provided by the Fifth Schedule to the Act and this Order, every person who is, for the time being included in the electoral roll for any such constituency shall be entitled to vote in that constituency.

5. The electoral rolls for the territorial constituencies shall be made up and from time to time in whole or in part revised by reference to such date, in this Order referred to as "the prescribed date," as may be directed in each case by the Governor, exercising his individual judgment.

6. No person shall be included in the electoral roll for any territorial constituency unless he has attained the age of twenty-one years and is either—

(*a*) a British subject; or

(*b*) the Ruler or a subject of a Federated State; or

(*c*) if and so far as it is so prescribed with respect to any Province, and subject to any prescribed conditions, the Ruler or a subject of any other Indian State.

7. No person shall be included in the electoral roll for, or vote at any election in, any territorial constituency if he is of unsound mind and stands so declared by a competent Court.

8. No person shall be included in the electoral roll for a Muhammadan constituency, a European constituency or an Indian Christian constituency unless he is a Muhammadan, a European or an Indian Christian, as the case may be.

9. No person who is or is entitled to be included in the electoral roll for any Muhammadan constituency, European constituency or Indian Christian constituency in any Province shall be included in the electoral roll for a general constituency in that Province.

10. Notwithstanding anything in the Indian Income-tax Act, 1922, it shall be the duty of the appropriate income tax officers to give to any person charged by law with the duty of enquiring into the qualifications of electors, such information as is necessary for the purpose of enabling him to discharge that duty.

11.—(1) No person shall in any Province—

(*a*) at the first elections held for the purpose of constituting the Legislative Council of that Province; or

(*b*) at the elections held in every third year thereafter to fill the seats of members retiring on the expiration of their respective terms of office,

vote in more than one territorial constituency, and if any person votes in more than one territorial constituency in contravention of the provisions of this paragraph, his votes in all those constituencies shall be void.

(2) In each Province such provisions, if any, as may be prescribed shall have effect for the purpose of preventing persons being included in the electoral roll for more than one territorial constituency.

(3) No person shall at any election vote more than once in the same territorial constituency and, if he does so, all his votes in that constituency shall be void.

12. No person shall be included in the electoral roll for, or vote at any election in, a territorial constituency if he is for the time being disqualified from voting under the provisions of any such Order in Council, Act of the Provincial Legislature or rules made by the Governor as may be made or passed under the Act with respect to corrupt practices and other offences in connection with elections, and the name of any person who becomes so disqualified shall forthwith be struck off all the electoral rolls for territorial constituencies in which it may be included.

13. No person shall vote at an election in a territorial constituency if he is for the time being undergoing a sentence of transportation, penal servitude or imprisonment.

14. The following provisions shall have effect with respect to the enfranchisement of women in respect of the qualifications of their husbands:—

(*a*) a woman who, at the date of the death of her husband, is included in an electoral roll for a territorial constituency by virtue of his qualifications shall, notwithstanding anything in the subsequent provisions of this Order, continue to be on the roll for that constituency unless she remarries or becomes disqualified under the foregoing provisions of this Order for inclusion in that roll:

(*b*) not more than one woman shall, at any one time, appear on the electoral rolls for the territorial constituencies

of a Province in respect of the qualifications of any particular man, and any question which of several women is to be selected for inclusion shall be determined in the prescribed manner:

Provided that, if a woman, who is entitled by virtue of sub-paragraph (*a*) of this paragraph to remain on the roll of a territorial constituency, changes her place of residence, then, if she so desires, she may, on any subsequent revision of the roll, be transferred to the roll of such other territorial constituency as may be appropriate.

15. For the purposes of this Order any property owned, held or occupied or payment made by, or assessment made on, a person as a trustee, guardian, administrator or receiver, or in any other fiduciary capacity, shall, except as otherwise expressly provided in this Order, be left out of account.

Qualifications of Candidates.

16.—(1) The provisions of this paragraph shall have effect with respect to the qualifications to be possessed by members of the Legislative Council of a Province.

(2) A person shall not be qualified to be chosen to fill a seat which is filled by an election in a territorial constituency unless he is entitled to vote in the choice of a member to fill that seat or any other seat of the same communal description in the same Council.

(3) A person shall not be qualified to be chosen to fill a seat to be filled by a person elected by the members of the Legislative Assembly of a Province unless he is entitled to vote in the choice of a member to fill some seat in the Legislative Council of that Province.

(4) A person shall be qualified to be chosen to fill a seat which is to be filled by a person chosen by the Governor in his discretion if he is resident in the Province and is not disqualified to hold a seat by any of the provisions of the Act.

General.

17.—(1) The dates on which nominations are to be made and scrutinised, polls held and other acts done in connection with elections to a Provincial Legislative Council shall be fixed by the Governor in his discretion.

(2). Nothing in this paragraph shall be construed as preventing Acts of the Provincial Legislature or rules from making general provision with respect to the intervals which are to elapse between the successive stages of an election.

18. At an election in a territorial constituency where more than one seat is to be filled on a poll a voter shall have as many

votes as there are seats to be filled and may give all those votes to any one candidate, or may distribute them between such candidates in such manner as he thinks fit:

Provided that in the European constituency in Bengal a voter shall not give more than one vote to any one candidate.

19. If, when a poll has been taken at an election, an equality of votes is found to exist between any candidates and the addition of one vote will entitle any of the candidates to be declared elected, one additional vote shall be given by the Returning Officer to the candidate, or, as the case may be, the candidates, selected by lot drawn in the presence of the Returning Officer in such manner as he may determine.

20. At any election by the members of a Provincial Legislative Assembly to fill seats in the Provincial Legislative Council, the returning officer shall be nominated by the Governor in his discretion, and nominations shall be made and scrutinised, polls held, and other acts done in connection with the election to, by, or before the returning officer, or persons who are under his control or have been placed thereunder for the purposes of the election.

21. If a person is elected to more than one seat in a Provincial Legislative Council, then, unless within the prescribed time he resigns all but one of the seats, all the seats shall become vacant.

22. The Governor of a Province may at any time vary the name assigned to a territorial constituency if for any reason he deems it expedient so to do.

23. Anything which under the provisions of the Act, or of this Order, is required or authorised to be done by, to or before the Governor of a Province in connection with the preparation of the electoral rolls or the holding of elections, or otherwise for the purpose of constituting the Legislative Council of the province in due time (whether or not the Governor is to act in his discretion or to exercise his individual judgment) shall, before the commencement of Part III of the Act, be done by, to or before the Governor in Council.

The shortage of expenditure of Rs. 4·45 lakhs below the estimate is accounted for as follows:—

REVENUE ACCOUNT.

Receipts.—The total receipts for the year (excluding the premium on Rs. 50 lakhs Debenture Loan, Rs. 1·17 lakhs) were 49·34 lakhs as against a budget estimate of Rs. 46·12 lakhs showing an increase of Rs. 3·21 lakhs only. This was principally due to duty on transfer of property, which amounted to Rs. 6·86 lakhs as against the estimate of Rs. 4·50 lakhs owing to receipt of payment for five quarters.

Expenditure.—The expenditure for the year was Rs. 32 77 lakhs against a budget provision of Rs. 31·76 lakhs. The actuals exceeded the budget estimate owing to an excess expenditure of Rs. 2·55 lakhs under the head "Rates and Taxes" over budget provision of Rs. 1 lakh.

3. **General.**—The total capital expenditure of the department during the year 1934-35 was Rs. 2,48,024 after deducting receipts and recoveries on capital account amounting to Rs. 27,267 as against Rs. 9,12,019 in the previous year. The major portion of this capital outlay was on the Damodar Canal project, only about Rs. 9,000 being spent on the Bakreswar and the Calcutta and Eastern Canals.

The Damodar Irrigation Canal was the only important new project under construction during the year under review. The project which has been designed to irrigate about 2,00,000 acres of land, mostly for cultivation of paddy in the districts of Burdwan and Hooghly, was commenced in 1926-27 and is now nearing completion. The canal of which the revenue account was opened from 1st April 1933 worked wonderfully well during the year, even though it was in an unfinished condition, irrigated about 85,081 acres of land and saved crops worth about Rs. 60,00,000 from utter destruction through severe drought. A model of the canal on a miniature scale showing the actual irrigation, cross drainage works such as inlets, syphons, acqueducts, etc., was shown to the people in the Burdwan Agricultural and Industrial Exhibition of 1935. A regular demonstration was given daily to the people in order to impress on them the value of irrigation. The samples of

paddy grown both on the irrigated and non-irrigated areas were kept side by side so that the people might realise the actual benefit of irrigation by the silt-laden red water of the Damodar river. The cultivators who took canal water in due time had an outturn of 16 to 17 maunds of paddy per bigha, whereas those who did not take canal water or took it at the last moment obtained paddy ranging from 1 to 5 maunds per bigha in the same area.

The Bakreswar Irrigation Canal in the district of Bankura which was completed in 1933 has a commanded area of 10,000 acres of which 7,760 acres were irrigated during the year as against 7,361 acres in the previous year. The leased area was irrigated very satisfactorily and produced a bumper crop, while in other areas not irrigated by the canal water there was either no crop or only a partial crop.

The newly constructed locks and sluices in the Lower Kumar river were operated during the year in accordance with a plan of working formulated by and conducted under the supervision of Mr. J. F. Russel, the then Executive Engineer of the Khulna Division. The experiment gave results which, though encouraging, were not however decisive.

The construction of the Grand Trunk Canal to provide a shorter inland steamer route from Calcutta to East Bengal and Assam which was sanctioned by the Secretary of State for India in 1920 has been held in abeyance. A small capital expenditure of Rs. 8,990 was incurred as in previous years on the upkeep of buildings on the acquired land and on petty establishment and tools and plant. The expenditure incurred however was more than compensated by receipt and recoveries on capital account amounting to Rs. 19,810.

The expenditure on revenue account during the year amounted to Rs. 26,19,766 of which Rs. 4,26,046 was spent on irrigation works proper, the principal items being the Midnapore, the Bakreswar and the Damodar and Eden Canals. The expenditure on the Midnapore Canal was Rs. 1,48,470 which included Rs. 44,578 for maintenance and repairs and Rs. 1,04,808 for overhead charges. The expenditure on the Bakreswar Canal was Rs. 12,701 while that on the Damodar Canal including the Eden Canal totalled Rs. 2,52,120. The rest of the expenditure was on navigation, embankment and drainage works. The expenditure on navigation was mainly for (1) upkeep of five suction dredgers, (2) maintenance of the Hijili Tidal Canal, (3) maintenance of existing steamer and boat routes from Calcutta to Eastern Bengal and Assam, including the reconstruction of the bridges over the Calcutta Canals and Tolly's Nala, to the cost of which the Calcutta Improvement Trust and the Calcutta Corporation contributed in certain cases and (4) conservancy of some of the principal navigable rivers of the province such as the Ganges, the Dhalleswari and the Buriganga. The expenditure on the Calcutta and Eastern Canals, the Hijili Tidal Canal, the Sunderban Steamer Route and the Madaripur Bil Route was Rs. 6,27,712, Rs. 58,724, Rs. 54,000 and Rs. 2,26,053 respectively as compared with Rs. 4,83,742, Rs. 74,696, Rs. 82,905 and Rs. 2,79,612 in 1933-34 while the cost of upkeep of the dredgers amounted to Rs. 80,432 as against Rs. 2,33,117 in the previous year. There was a marked decrease in the working expenses of the principal navigation canals except the Calcutta and Eastern Canal. The increased expenditure on the latter was due to the execution of some special repair works, such as strengthening the apron of the Chitpore lock, strengthening the banks of the Kristopur Canal, replacing the two dwarf gates of the Chitpur lock, etc.

The total revenue receipts and working expenses of the department during the year were Rs. 11,40,766 and Rs. 26,19,766 respectively as against Rs. 12,99,423 and Rs. 27,85,699 in the previous year. Revenue from the Midnapore and the Hijili Tidal Canals considerably declined during the year and this mainly accounts for a further fall in receipts. The area irrigated from the Midnapore Canal greatly diminished (only 10,491 acres being irrigated against 19,517 acres in the previous year) as none of the lapsed leases was renewed during the year owing to heavy fall in the prices of agricultural produce and also to the fairly well distributed rainfall. Moreover, the economic condition of the raiyats in this tract is gradually getting worse, and their sustaining capacity is becoming more and more strained with the prolongation of the period of depression. The short realisation of revenue from the Hijili Tidal Canal was due to poor outturn of paddy crops in

the Etamogra Subdivision owing to scarcity of rain in that division and consequent decrease in export and also to closure of the canal for silt-clearance and special repairs. The financial results of other navigation canals however were a little better and give rise to the hope that with the return of normal economic conditions the very large deficits now noticed will be completely wiped off.

It was not possible to undertake any of the major schemes already adminstratively approved and, as stated in the previous reports, the policy of Government has still perforce been restricted to smaller schemes of local benefit.

The free flushing of malarious areas as a sanitary measure was continued and extended during the year. The places actually flushed in the Pingla and Narayanghar thanas of the Midnapore district covered an area of 4,705 acres. An additional area of 2,400 acres in the Panskura police-station in the Kola-Panskura area was also taken up for flushing. The spleen index of the areas flushed appears to have been reduced to some extent.

The department maintained about 1,293 miles of embankment during the year. The policy of gradually abandoning protective embankments where circumstances render it feasible was continued and a proposal for the abandonment of the whole of the Chetua circuit embankment and the Darkeswar right embankment was under consideration. The total amount spent on maintenance of embankment and drainage works such as the Mograhat Drainage Works, Rajapur Drainage Works, etc., was Rs. 8,99,867 as against Rs. 11,42,862 in the previous year.

The department has also to deal with the protection of towns from river erosion. During the year under review no protective works were undertaken, but the revetment constructed for the protection of Sirajganj was efficiently maintained and periodical observations were made of the erosion at Chandpur and Noakhali.

The department undertakes surveys and investigations with a view to examining the feasibility of working out schemes for irrigation and drainage purposes. It also conducts discharge observations and collects hydraulic data of all important rivers. During the year under review several surveys were continued from the previous year and several new surveys were undertaken. The most important of these were (1) detailed survey of the Savankar Danra Project, (2) detailed survey of the Darkeswar Reservoir Project, (3) survey of the Ajoy Canal scheme, (4) survey of the Messanjore Reservoir scheme, (5) discharge observations of important streams in the Bankura and Birbhum districts and (6) contour survey in connection with the More Reservoir project.

4. **The Damodar Canal Project.**—The total capital expenditure (direct and indirect) to the end of the year 1934-35 was Rs. 1,05,80,911 as against the revised estimate of Rs. 78,14,981 sanctioned by the local Government. A second revised estimate was prepared by the Chief Engineer and submitted to Government, but it had to be returned to him for further scrutiny and modification. The revenue account of the project which is nearing completion was opened from the 1st April 1933. Revenue and working expenses during the year amounted to Rs. 96,671 and Rs. 2,52,120 respectively.

5. **The Bakreswar Irrigation Scheme.**—The project was practically completed in the year 1933-34 and the revenue account was opened from the year 1931-32. The capital expenditure (direct and indirect) to the end of the year 1934-35 amounted to Rs. 7,13,812 as against the sanctioned estimate of Rs. 4,90,596. A revised estimate for the project submitted by the Chief Engineer is still under the consideration of Government. The gross revenue and working expenditure during the year were Rs. 17,815 and Rs. 12,701 respectively, the result being a net revenue of Rs. 5,114.

6. **The Midnapore Canal.**—The canal consists of two weirs at Midnapore and Panskura, 65 1/3 miles of main and branch canals used both for irrigation and navigation purposes and 284·87 miles of distributaries and village channels. No capital expenditure was incurred on the canal during the year. The gross receipts and working expenses were Rs. 63,610 and Rs. 1,48,470 respectively as against Rs. 1,00,347 and Rs. 1,50,361 in the previous year. The result was a deficit of Rs. 84,860 as against the deficit of Rs. 50,014 in the previous year. The reasons for the further fall in receipts have been explained in paragraph 3 above.

7. **The Grand Trunk Canal Project.**—The construction of the Grand Trunk Canal project at an estimated cost of Rs. 2,49,49,000 (direct) which was started in 1920-21 has been held in abeyance. The expenditure on direct and indirect capital outlay to the end of the year 1934-35 after allowing for receipts and recoveries on capital account amounted to Rs. 14,27,896.

8. **The Hijli Tidal Canal.**—This khal with the Terapakhia Pass khal, Palaboni khal and the khal leading to the Gewankhali lock entrance constitutes a navigation canal 49¾ miles in length No capital expenditure was incurred on the canal during the year. The gross receipts and working expenses amounted to Rs. 33,846 and Rs. 58,724 respectively as against Rs 45,515 and Rs. 74,696 in the previous year, the result being a deficit of Rs. 24,878 as against the deficit of Rs 29181 in the previous year. Causes of further fall in receipts have been explained in paragraph 3 above.

9. **The Calcutta and Eastern Canals.**—These consist of natural and artificial channels about 884 miles long for maintaining communication between Calcutta and Eastern Bengal. There was a capital expenditure of Rs. 6,688 on this system during the year. This sum was spent on the demarcation of Government land along the Tolly's Nala. The gross receipts and working expenses

amounted to Rs. 3,68,740 and Rs. 6,27,712 respectively as against Rs. 3,58,618 and Rs. 4,83,742 in the preceding year. The result was a deficit of Rs. 2,58,972 as against the deficit of Rs. 1,25,124 in the previous year. The reason for increased working expenses during the year has been explained in paragraph 3 above.

10. **The Sundarbans Steamer Route.**—This route is about 350 miles long. There was no capital expenditure on the route during the year. The gross revenue and working expenses amounted to Rs. 70,325 and Rs. 54,000 respectively as against Rs. 60,062 and Rs. 82,905 in the previous year, the result being a net revenue of Rs. 16,325 as against the deficit of Rs. 22,843 in the preceding year.

11. **The Madaripur Bil Route.**—This route connects the Modhumati and Kumar rivers in the Faridpur district and is about 38 miles in length. No capital expenditure was incurred on this route during the year under review. The revenue receipts and working expenses amounted to Rs. 1,97,270 and Rs. 2,26,053 respectively as against Rs. 1,68,199 and Rs. 2,79,612 in the previous year. The result was a deficit of Rs. 28,783 only as against the deficit of Rs. 1,11,413 in the previous year.

12. **Dredgers.**—The dredger "Foyers" was employed during the year under review for 106 days in all on (I) dredging the Narayanganj dockyard, (II) dredging the shoals in the Lower Kumar river, (III) dredging the Mangalpur shoal and (IV) dredging at Paksey near the Hardinge bridge. The hire earned by her amounted to Rs. 33,649. This sum together with the sum of Rs. 120 representing value of certain materials was credited to the revenue account of the dredger. The rest of the dredgers, viz., "Alexandra," "Cowley," "Burdwan" and "Ronaldshay" remained practically idle throughout the year. The "Ronaldshay" however earned Rs. 5,733 and the "Cowley" Rs. 867 as hire during the year for lending some of their pontoons to the dredger "Foyers" for Hardinge bridge work of the Eastern Bengal Railway at Paksey. Out of the sum of Rs. 5,733 earned by the "Ronaldshay" Rs. 4,845 were credited to her capital account and the balance, viz., Rs. 918 together with a sum of Rs. 2,170 representing value of certain spare parts transferred to the dredger "Foyers" was credited to her revenue account. The hire Rs. 867 earned by the "Cowley" was also credited to her capital and revenue accounts, Rs. 714 to capital account and Rs. 153 to revenue account.

Taking all the dredgers together the receipts amounted to Rs. 37,010 while their working expenses amounted to Rs. 80,432 as against Rs. 2,33,117 in the previous year.

13. **Minor Irrigation, Navigation, Embankment and Drainage Works, for which neither Capital nor Revenue Accounts are kept.**—These include the Amjore weir, the Salbund weir, the Orissa Coast Canal, the Nadia rivers, Magrahat Drainage Schemes, Government embankments and other works enumerated in the list at the end of paragraph 3 above. Total receipt from these works amounted to Rs. 2,55,479 while their working expenses were Rs. 11,59,554 as against Rs. 13,62,512 in the previous year.

14. **River Training Works.**—Bandalling works were done in the river Dhalleswari and Buriganga to train the shoals with the objects of maintaining a navigable depth of water during the low water season and of ensuring a supply of good drinking water to the city of Dacca. The work was carried out through the agency of the Joint Steamer Companies with a Government subsidy of Rs. 17,500.

The Lower reaches of the Boraitali channel were maintained in good condition and were open to steamer traffic throughout the low water season.

15. **General economic condition.**—The rainfall in Central and Northern Bengal was good and well distributed and consequently the condition of crops was good, but in many areas in west Bengal it was far below the normal. There was consequently a total failure of crops in those areas. In areas irrigated by canal water however the outturn was very good. There was no flood of importance in any of the rivers. The general economic condition of the country continued to be unfavourable owing to trade depression and fall in the price of paddy and other commodities.

No. 4997L. S.-G.—16th June 1936.—In exercise of the power conferred by clause (*t*) of section 138 read with sub-clauses (*b*) and (*c*) of clause sixthly of section 53 of the Bengal Local Self-Government Act of 1885 (Bengal Act III of 1885), the Government of Bengal (Ministry of Local Self-Government) are pleased to make the following amendments in rules 116 to 119 of the Bengal Local Self-Government Account Rules relating to travelling and daily allowances of Chairmen, Vice-Chairmen and members of district and local boards, published under notification No. 2158L.S.-G., dated the 5th September 1918, as subsequently amended, namely :—

Amendments.

In rules 116(*1*), 117(*1*), 118(*2*) and 119(*2*) for the words " by the shortest route only for journey by road or boat " *substitute* the words " allowance calculated on the distance travelled."

2. After rule 119 *insert* the following, namely :—

Principles of calculation of mileage allowance.

" 119A. (*1*) For the purpose of calculating mileage allowance under rules 116(*1*), 117(*1*), 118(*2*) and 119(*2*) a journey between two places is held to have been performed by the shortest of two or more practicable routes or by the cheapest of such routes as may be equally short : provided that when there are alternative railway routes and the difference between them in point of time and cost is not great, mileage allowance should be calculated on the route actually used.

(*2*) The shortest route is that by which the traveller can most speedily reach his destination by the ordinary modes of travelling. In case of doubt, the Commissioner of the Division may decide which shall be regarded as the shortest of two or more routes.

(*3*) If a journey is made by a route which is not the shortest but is cheaper than the shortest, such mileage allowance should be calculated on the route actually used.

(*4*) When it is necessary for carrying out the object of the journey (e.g., inspection of roads) to travel by a route which is not the direct or the cheapest route or to travel by stages the reason for such journeys should be clearly stated in the travelling allowance bill. The controlling officer may, if satisfied with the reasons, permit such mileage allowance to be calculated on such routes provided actual journey is performed by such routes. This concession will also be granted when the shortest route is impracticable for travelling at the time the journey is performed."

Chittagong Division.

Chittagong, the 18th June 1936.

Rules for the guidance of private candidates for the Matriculation Examination of 1937.

The following rules for the guidance of private candidates for the Matriculation Examination are published for general information :—

1. Private students are those who have not attended any recognised or unrecognised school for at least one year previous to the examination. The term "private students" includes *bonâ fide* school-masters.

2. Private students must appear at the Test Examination of one of the following institutions on the dates mentioned below :—

Comilla Zilla School, Noakhali R. K. Zilla School, Chittagong Collegiate School and Rangamati High English School.

Dates of examination—4th, 5th, 6th, 7th and 8th January 1937.

Female candidates and teachers of schools recognised by the Calcutta University, or any other University or any Board of Secondary Education in India or by the Department are not required to pass the Test Examination for private candidates held by the Inspector of Schools, Chittagong Division.

3. Private candidates offering hygiene as one of their subjects need not obtain the previous permission of the University for that purpose. They will be required to satisfy the Inspector of Schools that they have undergone a course of training in the subject. For this purpose they should submit to the Divisional Inspector of Schools, along with their applications for permission to appear at the Test Examination, certificates of training in it from a recognised medical practitioner or from a recognised teacher in hygiene.

4. Each private student will pay a fee of Rs. 5 to the head of the institution in which he appears for the Test Examination. No private student will be admitted to the Test Examination unless he is accompanied for the purpose of identification by some person known to the headmaster of the institution in which he appears.

5. Application for permission to appear at the Test Examination must be sent in time in duplicate in the enclosed form so as to reach this office not later than the 20th November 1936.

N. B.—A student who failed to pass or appear at the annual examination for promotion to class X at the end of the session 1935 and then left the school can, under no circumstances, be allowed to appear at the Test Examination.

6. The Inspector on being satisfied will grant necessary permission and return the application, which will then be the candidate's passport for admission to the Test Examination.

7. Every candidate must deposit his fee for the Test Examination with the headmaster of the institution in which he intends to appear at least 18 days before the date of that examination. The headmaster will deposit the amount realised by him into the local Treasury and forward a copy of the Treasury chalan to this office. He should also submit to this office an account of the charges incurred by him (including remuneration to examiners) for conducting the examination of private candidates, together with vouchers in support of the charges, on receipt of which the Director of Public Instruction will be moved to sanction the expenditure.

8. The headmasters of the institutions named in paragraph 2 above should direct private candidates who satisfy the test to appear before them in due time, with their applications for admission to the Matriculation Examination, and to sign them in their presence. They will then grant the necessary certificate and forward the applications to the Inspector for countersignature, after which they will be returned to the headmasters for delivery to the candidates concerned.

9. In no circumstances should the fee for the Matriculation Examination be sent to the Inspector's office. It should be sent to the Controller of Examinations, Calcutta University, by the candidates themselves, together with the countersigned applications.

10. Private students must understand that the Test Examination of any school other than those named above will not be accepted by the Inspector.

11. The Matriculation Examination will be held in March 1937, the exact dates of which will be notified by the University.

12. Applications and fees for admission to the Matriculation Examination must reach the office of the Controller of Examinations on or before the date to be fixed by the University.
